

2TRFOOTBALL

AIMS:

- To provide targeted football skills tuition to PFS pupils
- To deliver 1:1 football skills tuition
- To deliver targeted football skills tuition to selected PFS KS2 aged pupils
- To provide resources to enable the successful delivery of football skills tuition

RATIONALE:

Pentland Field School now has, as part of its school roll, pupils who have a clear need for participating in team sports at a competitive level. Until now, pupils within a SEN setting would take part in group activities but the emphasis would often be on individual targets. We would like to develop a Pentland Field School football team where we could compete against other SEN schools and possibly join a league. Our aspirations include our pupils developing their interests and we know that there are pupils currently on roll who would benefit from specialist tuition, along with the life skills that come from being involved in team sports.
