

NEWSLETTER – FEBRUARY 2018

Dear Parents and Carers

It is with pleasure that I am able to let you know the results of the school's recent Section 5 Ofsted inspection that took place on Wednesday 10th and Thursday 11th January. As you may be aware, we have been expecting Ofsted to visit for the past calendar year, so in one respect it has been great to get the inspection completed, but naturally we wanted to present to the inspectors the amazing work that has been achieved over the past three years.

Ofsted has judged us as a 'GOOD' school overall with 'OUTSTANDING' features. This is an amazing result when you consider that we did not exist three years ago! I must also commend you all for your faith and commitment to the school in not only allowing us to educate your child, but for your continued support in all that we do! The final report is attached to this newsletter. It will be live on the Ofsted website from Tuesday 13th February, but we wanted to ensure that you had first sight of it before it is placed on the website. I would welcome your comments and thoughts on our judgement – feel free to communicate them through the usual methods – telephone, email, home school communication books or verbally if you happen to catch me out and about!

None of what the inspectors saw happens with just me – I am blessed to have an incredibly hard working and dedicated team of staff who place your children at the centre of what we do each and every day. I would like to take this opportunity to publicly thank them on your behalf – they are an amazing group of professional people!

Half term is just around the corner and at Pentland Field it is well needed! I hope that you all manage to rest and relax – and we look forward to seeing the children back to school on **Monday 19th February at 9.00am.**

Happy holidays!

With my very best wishes

Audrey Pantelis
